Auto Accidents Few Despite  
Heavy Weekend  
Traffic

The death of a Salem boy as the result of a freak bicycle accident marked weekend traffic mishaps here.

Donald Gordon Pasco, 13, son of Mr. and Mrs. Anthony Pasco of 419 Franklin st., died on the operating table at City hospital at 1:30 p. m. Saturday of injuries received in the bicycle accident Friday evening.

According to information received by hospital attendants and police, the youth was riding on the handlebars of a bicycle driven by another lad. When the "bike" struck a wire stretched around a dismantled building near the Mullins plant, Pasco was thrown off the bicycle, the wire striking him on the abdomen. He later became ill and was removed to the hospital on Saturday.

Surviving are his parents, one sister, Joanne and a brother, Richard Allen.

**Funeral Tuesday**  
Funeral service will be held at 2 p. m. Tuesday at the Stark Memorial in charge of Rev. S. T. Magann. Burial will be in Grandview cemetery. Friends may call anytime at the home on Franklin st.

Francis K. Morin, 59, of Youngstown, suffered a fractured left wrist and lacerations and was removed to Salem City hospital after his automobile overturned on Route 92, just west of Westville, at 3:30 p. m. Sunday, according to state highway patrolmen.

His wife, Margaret, 58, suffered lacerations.  
Morin's car slipped onto the berm of the road and upset in a ditch when the driver attempted to swing back onto the highway.

Autos driven by Mrs. Mary Rudman of Joliet, Ill., and Oscar Roger of Akron were involved in a collision on Route 30, seven miles southeast of Lisbon, at 7:45 a. m. yesterday. One person received minor injuries.

**Child Is Injured**  
Nick Costa of 284 Wilson st. and Mrs. W. P. Bodendorfer of 452 Park ave. were the drivers of cars involved in a collision on Filbert st. at 9:30 a. m. Sunday, police reported. A Bodendorfer child suffered a cut about one eye.

W. A. Cape of Winona and D. H. Regal of Star route reported their automobiles struck by "hit-skip" drivers over the weekend. The license numbers of the offending cars were furnished police.

Farm Bureau Rally  
Scheduled Tuesday

The Salem-Butler-Perry Township Farm Bureau will meet at 8:15 p. m. Tuesday at the enclosed pavilion at Centennial park.  
Rev. Carl Bornhuth, pastor of St. Jacob's Reformed church, south of Salem will be the guest speaker. "The Bugle," original paper, will be edited and read by Mrs. Ralph Crawford. Music, stunts and a lunch will be additional features.

MANY KILLED IN  
MEXICAN VOTING

Between 50 and 100 Die,  
Hundreds Believed  
Injured

MEXICO CITY, July 8.—Riotous disorders which accompanied Mexico's presidential elections yesterday were estimated today to have taken between 50 and 100 lives and reports of widespread irregularities threatened to complicate the task of determining the outcome of the voting.

An unofficial count showed at least 30 persons dead in Mexico City alone, while scores—perhaps hundreds—were reported wounded during pitched battles which surged through the streets of the capital.

Some reports from the provinces indicated that the total injured might be in the thousands.

## American Casualties

Among the casualties in the capital were two American students—Edward J. Mallen, Jr., of Franni, Wyoming, who was reported near death with a pistol wound in the stomach, and Leonard Durso, 18, of Union City, N. J., who was gravely wounded by a rifle bullet.

Both Gen. Manuel Avila Camacho, administration candidate, and his independent rival, Gen. Juan Andreu Almazan, issued statements claiming overwhelming victory.

The actual canvass of returns, however, will not be made until Thursday and the official result will not be announced by congress until September.

The government made no comment about the outcome of the election, but deplored "bloody incidents," commented significantly on reports of election law violations and said they would be punished.

**More Violence Feared**  
Complaints poured in from all over the nation that Almazan's supporters had been denied the right to vote, and fear was expressed in some quarters that the final tabulation of ballots might be accompanied by further disorders. There were no official estimates on the number of casualties and unofficial figures varied greatly. General Almazan said his reports indicated that "100 or more" lives had been lost; other estimates placed the figure in the region of 50.

Extinguish Blaze  
At Foundry Plant

Prompt action by officials and employees of the Quaker City Foundry, 310 Euclid st., averted what might have been a serious fire at the shop at 3:10 p. m. Saturday. Sparks from the cupola set fire to the roof and firemen were called. Meanwhile, employees started to battle the flames and had them all but extinguished when firemen arrived.

The fire department at 8:47 p. m. Saturday extinguished a blaze in an automobile owned by L. C. Yates of Second st., parked on E. State st. At 6:14 p. m. yesterday the department checked a grass fire in the vicinity of N. Lincoln ave. and Ninth st.

EAST PALESTINE  
MAN IS STABBED

Oscar Robinson, 43, Critically  
Wounded in Hobo Camp Battle  
Near Lisbon

LISBON, July 8.—An East Palestine man was critically wounded in a stabbing Saturday night near a hobo camp on the outskirts of Lisbon, near the plant of the Excelsior Fire Clay Co. Two vagrants are held in the village jail in connection with the incident.

Oscar Robinson, 43, the victim, sustained a five-inch slash about the throat during an argument with Tracy Windsor, 73, of Findlay, over a can of beans for the making of "Mulligan stew," according to William King of Belaire, who witnessed the attack and summoned aid for the injured man. Windsor is held on a charge of cutting with intent to wound, and King is held as a material witness.

The incident occurred at 10:45 after the three men had met in a local beer parlor, and were proceeding to the hobo camp for the night.

As they walked along the old Erie switch to the Excelsior plant, the argument began, and Windsor pulled out a pocket knife and slashed Robinson with its two-inch blade. Bleeding profusely Robinson was assisted back into town by King, and the pair were found sitting on the curb at the corner of Beaver and W. Washington streets by William Beard who operates the Beard Engine Works there. Authorities were notified.

Marshal Dalton E. Pike had the injured man removed to a physician's office, where the wound was dressed. Nineteen stitches were required to close the gash. Officer Pike then questioned King, and went to the "jungle" where he found Windsor and placed him under arrest for the stabbing. Windsor, fingerprinted by Deputy Sheriff H. J. Clark, will be given a hearing late today before Justice of the Peace M. K. Zimmerman.

Chickens Stolen;  
Two Face Charges

LISBON, July 8.—Patrolman Charles Patterson and Sheriff M. K. Duty rudely snatched the chickens from the frying pan at the home of Edward Taylor at nearby Jordenville yesterday and arrested Taylor on a charge of receiving stolen property.

The officers said the defendant was cooking a roster which was stolen along with 13 hens from Emil Loughlin in Lisbon Friday night. They went to another home and found the other chickens, but the occupant had fled.

Mrs. Taylor was charged with unlawful assault upon a neighbor whom she accused of calling police. The Taylors will be given hearings sometime today before Mayor G. C. Rauch.

The breaking and entering of two business establishments and one residence over the weekend were investigated today by the police department.

Police were questioning an 11-year old boy in connection with recent burglaries here.

Thieves who entered the home of Mr. and Mrs. W. S. Arbaugh at 2094 E. State st. Saturday night between the hours of 7:30 and 9:30, stole \$675 worth of jewelry. The family was away at the time.

Ring Worth \$300

The loot included a gold ring, with a diamond inset, valued at \$300; one gold mounted amethyst ring valued at \$250; a lady's gold watch valued at \$50; a gold necklace, with diamond set, worth \$50; an engraved gold wedding ring valued at \$10 and an opal ring worth \$15.

Entrance to the home was made by breaking a rear window. The house was ransacked by the intruders who pulled out drawers and disturbed other parts of the residence in their search for valuables, Patrolman Paul Ormsby reported.

The Arrow Feed Service Co. reported that their place on S. Ellsworth ave. had been broken into sometime yesterday and \$15.40 taken from the cash register. Patrolman George Reash investigated. H. C. Hurlbut, manager of the firm, also reported that his office was burglarized during the July 4th holiday, several dollars having been taken.

## Climb Through Skylight

Patrolman James Hassey was called to the Salona Supply Co., W. Pershing st., where, during the weekend, burglars climbed through a skylight to enter the building. The intruders smashed a window to gain access to an inner office and although one desk was ransacked, nothing was missing.

Wilbur Culp of R. D. 1, Columbiana, informed police that someone stole headlamp rims and lens, a fender guard and a tire cover from his automobile, parked Sunday night in the telephone company parking lot.

Draws Fine of \$200  
On Second Offense

Dan Hough, 39, of R. D. Salem, was fined \$200 and costs and sentenced to 30 days in jail when arraigned before Mayor Norman Phillips this morning on a charge of driving while intoxicated. Police said it was his second offense.

Patrolmen Ormsby and Todd arrested him on Jennings ave. at 1:30 a. m. Sunday after he allegedly ignored their signals for him to stop. The result was a police chase.

C. A. Gottlieb, arrested by police for a similar offense, was fined \$100 and costs by the mayor.

Heavy Civilian Slaughter  
Seen In Impending Conflict

English Fate Depends On How Non-Combatant  
Deaths Will Affect Soldiers' Morale

By DEWITT MACKENZIE

Whether England can ward off the impending Nazi air-attack in connection with the projected invasion will depend in no small degree on how much civilian slaughter can be endured without cracking the morale of its military defenders.

It's one thing for soldiers to face death for themselves, and quite another to see their women and children blown to pieces.

Under the best of circumstances, mass-bombing over Britain is bound to result in terrible civilian casualties. The bulk of its population lives in the congested industrial areas. Military objectives and civilians are so intermingled that there is no way of bombing one not the other.

France's collapse owed much to the killing of women and children, and the millions of terrified and starving refugees who jammed the battlefields and highways in flight. They not only impeded the operations of the troops but their pitiful condition weakened the morale of the French Poilus.

British War Minister Eden gave warning the other day when he admonished the civilian population to stay where they were when the bombs began to rain, and put rush into the highways and byways. "Britain is beginning to move

WILLIAM ROACH  
SUCCUMBS HERE

Had Been Sanitary Officer for 10 Years; Funeral Thursday

William Charles Roach, 65, sanitary officer for the city for the last 10 years, died at 9:45 p. m. Saturday in Salem City hospital, following a two weeks illness.

Death came suddenly as the result of an acute dilation of the heart.

Mr. Roach was appointed to the job of sanitary officer by the board of health 10 years ago. He previously had been employed in the safety department of the former American Steel & Wire Co. plant and for years was stage carpenter at the Old Grand Opera house.

He was born in England April 17, 1875. He had been residing at the Metzger hotel since the death six years ago of his wife, Jane.

Surviving are his mother, Mrs. Mary Roach, 85; three sisters and four brothers, all of Seattle, Wash. Some of the family will arrive here Wednesday evening for the funeral service which will be held at 2 p. m. Thursday at the Arbaugh-Pearce parlors in charge of Rev. C. P. Evans.

Interment will be in Grandview cemetery.

Friends may call at the funeral home Wednesday evening.

The Salem state highway patrol sub-station today welcomed a sixth member, Henry W. Lewis of Toledo.

Patrolman Lewis, who has been stationed at Lorain, has been assigned to the local barracks which has a wide eastern Ohio area to cover. At one time the Salem patrol numbered only three officers.

Corp. W. E. Arey is in charge of the station. Other members are Patrolmen Paul Barnes, Robert Jones, C. W. Cale and Cornelius Csepke.

British Child War  
Refugees In N. York

NEW YORK, July 8.—Two hundred sixty British child war refugees, a number of them babies in arms, arrived today on the British liner Samaria—the second such refugee ship to reach New York within 24 hours—as a nation-wide campaign to provide haven for such children was speeded up.

Formation of "the national child refugee committee," to organize local committees over the country and co-ordinate the activities of various groups already active, was announced shortly before the ship's arrival.

The children, ranging in age from a few weeks to 12, were among about 1,600 passengers on the Cunard-White Star liner. They followed 71 youngsters who arrived yesterday on the British liner Seythia.

Dr. Roose Is Winner  
In Trapshoot Here

Defeating R. C. McAllister in a shoot-off after trying for first place, Dr. G. A. Roose won a diamond pin trapshoot at the Salem Country club yesterday.

The shoot-off was made necessary when Dr. Roose and McAllister tied in the 50-bird event with scores of 44. Both shooters were awarded two points in the club's trapshooting derby in which the first marksman who scores 10 points is declared the winner.

Other scores in the diamond pin shoot included: James Gilmore, 43; Omar Rinehart, 43; Joseph Close, 43; Mrs. G. A. Roose, 40; N. C. Hunt, 39; D. B. McCune, 39; Randall Hamilton, 38; Robert Schaefer, 38; George Baillie, 38.

3RD TERM PLAN

But Only To Farley, and

(By Associated Press)  
WASHINGTON, July 8.—President Roosevelt shared with James A. Farley today the secret of his third term intentions—but neither would reveal the chief executive's answer to the most baffling political question in a decade.

The rest of the nation may be let in on the solution to the third term puzzle when—and if—the Democratic national convention insists on drafting Mr. Roosevelt.

## May Accept, If Called

Political analysts suggested that since Mr. Roosevelt had let the third term movement go along until a week before the convention without lifting a finger either to check or increase its momentum he would be unlikely to turn down nomination if it were offered in the form of a call to service during a time of international crisis and efforts to plug in gaps in America's defenses.

Lending emphasis to predictions of some Democratic leaders that the chief executive was the fact that 721 votes were pledged or semi-pledged to Mr. Roosevelt with only the Canal zone delegation to be heard from. Necessary to nominate, 543 votes.

Farley, the national Democratic chairman, and the President met in Mr. Roosevelt's library at Hyde Park N. Y. yesterday.

They talked about the approaching convention, the Democratic platform, and the third term issue. "I had a very satisfactory talk with the President," Farley said afterward, "and I have full knowledge

Fires Take \$8,000  
At East Liverpool

EAST LIVERPOOL, July 8.—One person was burned and damage, estimated at \$8,000, resulted from weekend fires, which destroyed three district homes, a warehouse and garage.

Mrs. Charles Bryan, 40, suffered shock and burns to her hands when she attempted to remove furnishings from her 10-room farm home, near here, which was swept by flames originating in the attic. The blaze spread to the nearby warehouse and garage.

Explosion of an oil stove caused the second fire which destroyed the homes of John Kuta and his father-in-law, Ira Tice, on the Hammondville-Ironton rd., near Ironton. A dense fog handicapped firemen.

## Son Is Missing

EAST PALESTINE, June 8.—Mrs. Myrtle Mankin of 214 Park ave., today asked city and county authorities to aid her in locating her son, Kursey Mankin, 28, who has been missing from his home since June 12. He is five feet, 10 inches tall, weighs 175 pounds and has dark brown hair and eyes.

British, Meanwhile, Add

(By Associated Press)  
German air raiders dropped tons of incendiary, explosive and time-fuse bombs in widespread new attacks on Britain today, but still masked the scene of the projected invasion chosen by Adolf Hitler.

The raids, carrying on an almost incessant "s'raffing" of cities and military objectives that began on June 18, struck at coastal towns.

An official communique reported "some damage and a few casualties," but said two Nazi bombers were shot down by Royal Air force fighters.

## Next Stroke Awaited

So far Nazi bombing attacks on Britain have been widely scattered and reports from Berlin said even men usually in the know were unable to say when Hitler would give the word for the next phase of the war.

Hitler and Italy Foreign Minister Count Ciano conferred yesterday at a meeting which the authoritative Fascist editor Virginio Gayda said "will mean a new stretch on the combative constructive road of new associated nations."

One report from Rome said Hitler and Ciano, due to meet again Wednesday, discussed plans for an offensive against England, with Ireland as the first objective.

The British-German war for air supremacy went ahead at a deadly pace.

British fighters brought down at least seven and perhaps eight of the foe; at least five British were killed on the ground. Three British fighters were lost.

## Nazi Stations Silent

Germany's big broadcasting stations at Bremen and Hamburg went silent early today, which usually indicates British air raiders are nearby.

Planes identified as belonging to Britain's fallen ally—France—raided Gibraltar again Sunday and the Italian air force was active in Africa and over Malta. The Italians reported 17 British planes destroyed over the weekend.

The French announced that two of their air squadrons had been re-armed and joined the axis in attacks on Gibraltar.

The British also were busy with air and land blows against Sicily and Italian African possessions.

District Deputy Tubbs, Grand Knight Bloor Attend State Meeting in Columbus

Robert Tubbs, recently reappointed district deputy, and Robert Bloor, K. C. of Grand knight for the Salem council, attended a "victory" meeting held by the state council at the Neil House in Columbus Sunday.

New and reappointed district deputies, and grand knights whose districts and local councils were named on the membership quota honor roll this year, attended the session.

Tubbs was one of the 21 out of 36 district heads in the state entitled to make the trip as members of the honor roll. Sixty-one of 140 councils in the state, including Salem council No. 1818, attended with local Grand Knight Bloor as representative.

Reports made at the meeting placed Ohio third in the national membership drive which ended June 30.

Reports of the meeting by Tubbs and Bloor will be made at the local council's regular meeting in the K. C. hall tonight.

Regional meetings for the several councils in each district will open in September.

The annual state outing for knights and their families will be held July 26, 27 and 28 at Cedar Point.

Washington On Way  
Home, 1,600 Aboard

GALWAY, Ireland, July 8.—The U. S. liner Washington, making her second and "last trip" home from this west coast port with American refugees, was headed for New York today with 1,600 passengers.

After considerable delay in sailing because of lost luggage and the time required for the ship to take on fresh water, she finally weighed anchor at 6:45 a. m. yesterday but then was held up by the fog in Galway bay and did not leave Irish waters until 3 p. m. (9 a. m. EST).

## PROSPECTUS FOR A GREAT OCCASION

The Democratic convention can profit from the experience of the Republican convention.

It is assumed, since the highly irregular friends of Willie popped out from behind trees to raise the thinning hair of the few surviving party bosses at Philadelphia, that something important has happened to politics. There never was anything like the Republican convention before, the country has been informed.

Yet, so far as sound effects were concerned it wasn't audibly different from other party conventions. To all intents and purposes screaming, whistling and speeches which go to great lengths to say little still are the characteristics of a political convention. In a country where so many thoughts are dependent on radio, listeners can't be blamed for wondering what's really different about the new kind of politics.

This is where the Democrats come in. Their convention is the summer's coming event, along with the attempt to wipe out the last stronghold of Christian civilization in Europe. Despite this unparalleled competition, the convention is bound to get a great deal of attention on the radio and in the newspapers. The stage is set for a great occasion.

But will the speeches be short, sensible, to the point and delivered in accents of reason? Will the delegates be willing to give up the notion it is necessary to emit yelps, rebel yells, dog whistles and shrieks of joy? Will the party platform be stretched to make a roof over everybody who might want to stand under it but doctored so badly it won't hold water? Will the convention be aimed at the minds of 10 year olds or keyed to the world of tomorrow, when the average mental age may rise to 12?

Democratic stage managers still have time to take advantage of a great opportunity to convince the American public that the change in politics is going to be reflected in party conventions.

## FRANCE'S DILEMMA DISSOLVED

Lengths to which British spokesmen have gone to explain seizure of the French fleet indicate desire to impress the record. Britain has nothing to apologize for but evidently wants to keep the matter straight for the future guidance of Frenchmen, now under the cynical care of German propagandists in all matters of information.

The French battle fleet had to be kept out of Germany's hands. The French army had been defeated. Britain's ally and its land force had been destroyed. There remained its own relatively weak army and its navy. The navy was strong insofar as no combination of European navies, barring one which included the French navy, could be stronger. That has been the fundamental point of British defense policy for decades.

All this was common knowledge, as was the fact Germany would seize the French navy to help destroy Britain provided it could defeat France on land. Consequently, when Germany ordered France to immobilize the navy in French ports, the issue was brought to a climax. Great Britain, with a question of life and death to answer, had only one possible answer. It had to keep the French navy from being used against it; it had to use the navy against Germany if possible.

French officials knew this. Whatever German propagandists may represent them as being from now on, the French are realists. French officials knew, also, that the war was not hopeless as long as sea-power remained beyond Hitler's grasp. But with Hitler holding them as hostages, there was little they could do. They had to pretend to try to keep the navy away from Britain while making sure that Germany didn't get it.

The British have solved the dilemma in the only possible way. They have seized whatever vessels could be seized and destroyed the rest. If the French did not resist too strenuously in some cases, that merely proves both sides in the war now are facing realities. There is no more reason to believe the fantastic lie that Frenchmen are peeved at the British for trying to save their own necks than there is to believe that Nazis have decided to make a cult of liberty, fraternity and equality.

## A CAMPAIGN TAKES FORM

Mr. Willkie isn't keeping the opposition in any suspense about his campaign. He wants to run against President Roosevelt so he can keep the New Deal squarely in focus as the paramount issue. Having won his political spurs by breaking down the fallacies of lesser New Dealers he'd like to tackle the big boss in person. He seeks no compromise and says so at every opportunity.

This is as near a stroke of political strategy as the country has seen since the sneakers high-pressure President Hoover into trying to defend the depression as something the Republican party didn't produce. Mr. Willkie has talked Mr. Roosevelt into a position where he can't run without breaking the third term precedent or fail to run without delegating defense of the New Deal to some substitute—who would not be a "reasonable facsimile" of the real thing.

For the first time in 10 these many years America's ranking politician is up against an opponent who seems to understand maneuvering as well as he does.

Mothers, according to a noted educator, should never say "No!" to a child. What are we to become, then—a nation of Yes-Mammas?

Columbiana, July 7.—A. M. McCormick, furniture dealer, while digging in his back yard last fall, found a copper coin dated 1838, which is said to be one of the few known to be in existence. On the face are the words, "United States of America" and on the reverse side encircling the figure of a shackled kneeling woman, symbolic of the appeals of the slaves for liberty, are the words, "Am I not a woman and a sister?" Mr. McCormick did not know what it was made for until he saw in a Cleveland paper an account of the remaining known coins. "The coins were used as a means of identification by conductors of the underground railroad. They were passed along with the fugitive slaves on the trip north. Only 20 of the coins were minted. They are about the size of a two-cent piece and the edges are ununited."

Two Salem couples, Arnold Greene and Verna Pults and Leroy Bates and Lena Greene were married in Beaver, Pa., last Saturday, July 3. After the wedding the young couples visited in Pittsburgh, Aliquippa and Beaver Falls, Pa., returning to this city Monday evening. Mrs. Green is the daughter of Mr. and Mrs. Edward Pults of the Franklin road, and Mrs. Bates is the daughter of Mr. and Mrs. F. S. Greene of the Lisbon road.

Mr. and Mrs. Samuel Gibson and family of Cleveland visited over the Fourth here with relatives and friends.

Salem is to have a new hospital, which will be known as "The People's Hospital", according to plans which are now being made by a committee of citizens of this city. A 90-day option was closed recently on the S. Grove, Jr., residence on McKinley ave., which will be converted into a hospital with accommodations of 30 to 35 beds. It is planned to make a first class standard hospital with registered nurses employed. The operating room will be on the third floor with a glass roof. The large garage at the rear of the property will be fitted up for a nurses' home. A meeting of the citizens' committee which is pushing the new project will be held this week to perfect plans for the new institution.

Mrs. R. A. Shoar of the North Georgetown road Monday was hostess to a number of friends at a shower in honor of Mr. and Mrs. Olin Shoar who were recently married. They received many gifts. Mrs. Rachel Pyle of Florida was a guest.

## THE STARS SAY:

For Tuesday, July 9

THE LUNAR transits for this day are excellent for assisting to a very practical and constructive program, in which the most desirable culminations are achieved by industry, resolute application, well-laid plans and executive ability.

Those whose birthday it is should have a year of splendid opportunity for branching out into new fields of endeavor as well as giving stability to old projects, with the prospect of increasing the fortune and possessions.

A child born on this day may be endowed with an abundance of talents, energies and executive ability to enlist the support, friendship and esteem of those of prestige and position, to put over constructive and enduring projects.

## FRANCE'S NEW GOVERNMENT

GENEVA, July 8.—The censored press of unoccupied France carried reports today that Marshal Henri Philippe Petain's government was "only transitory" and would make way for a new regime with Petain as "chief of state" like Generalissimo Francisco Franco in Spain.

A dispatch from Vichy to Le Petit Dauphinois of Grenoble forecast the resignation of French President Albert Lebrun and his replacement by Petain who, it said, would "only accept the title of executive power."

A triumvirate of former Premier Pierre Laval, Gen. Maxime Weygand and Adrien Marquet, former minister of labor and mayor of Bordeaux would dominate the government under Petain's titular direction, this report said.

Travelers from portions of the country unoccupied by German troops describe the French public and many of its Republican leaders as "dazed by defeat" and scarcely interested in the proceedings at Vichy.

A dispatch from Vichy said the French press described the new constitution to be drafted for France as "corporative," a term Fascists apply to the Italian government, and quoted Vice-Premier Pierre Laval as declaring it would be permanent rather than temporary.

## Diet Seen As Important Factor In Stone Cases

BY LOGAN CLENDENING, M. D.

"IS THERE ANY method of dissolving kidney stones and gallstones without an operation?"

This age-old inquiry, which is repeated by thousands of human beings a year, has always heretofore been answered by doctors with a contemptuous "No." Lately, however, there seems to be a change of mind taking place.

Dr. Clendening will answer questions of general interest only, and then only through his column.

The relation of diet to kidney stones is very suggestive. Certain geographical areas have long been known as stone areas—lower Egypt, India and in this country Southern Florida and Southern California. The tendency in these regions is to eat a vegetable diet, to spare meats and fats, cutting off many vitamins. Higgins has produced stones in the kidneys experimentally in rats on a diet deficient in Vitamin A.

Statistics Show Progress  
In countries where education in nutrition has received attention, it can be shown statistically that there is a marked reduction in the incidence of bladder stone. The figures of Thompson in England for the last two decades of the nineteenth century, as contrasted with those of July from 1915 to 1931 show that there was only a fourth as many cases seen in the later periods. Denos and Minet have shown the same thing in France. In Russia, on the contrary, where standards of living are low, the incidence of bladder stone in children is still high.

Twenty-one patients are reported from a large American clinic, who had "complete solution" of their kidney stones after being put on a course of treatment which included cleaning up any infection in the kidneys, and maintaining an acid-ash diet with a high Vitamin A content. The diet prescribed for those

who have had surgical removal of stones has prevented recurrence. The acid-ash diet prevents the precipitation in the kidney pelvis of alkaline salts from which stones are formed. An acid-ash diet contains bread, corn, eggs, fish meat oatmeal and prunes.

The underweight person is thin for the simple reason that he does not know the meaning of the word appetite. He has to work just as hard to eat without an appetite as the overweight has to work not to eat with an appetite. Note that these vacation diets for underweight begin with an appetizer—fruit or thin soup, which here has its place in the dietary if anywhere.

Breakfast: Grapefruit; oatmeal with cream and sugar; hot biscuits with honey and butter; glass milk, 1/2 cream.

Mid-morning: Cottage cheese; toast.

Lunch: Bouillon; creamed chicken on toast; endive salad with French dressing; chocolate custard with whipped cream; 2 whole wheat muffins with butter; glass milk.

Mid-afternoon: Glass 1/2 milk and 1/2 cream.

Dinner: Two poached eggs on toast.

mashed potatoes; buttered lima beans; lettuce salad with dressing; entire wheat bread with butter; apple tart; coffee with cream.  
Evening: Eggnog.  
Approximate value — 4,000 calories.

EDITOR'S NOTE: Dr. Clendening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendening, 235 E. 45th st., New York. # "TITAN TOWER" by JAMES G. CHESNUTT

**Story to Date**  
Thrust into each other's acquaintance as they aid a man pinned in elevator machinery of new skyscraper Titan Tower, Dr. Bill Blaine and Nurse Linda Morton see hints of mutual attraction. Linda can hardly conceal her warm, sudden affection for the handsome young doctor. In fact, she lapses into happy daze of romance after Dr. Blaine praises her work. Later, however, she vividly recalls her joyful life with Mike Morton, aviator, and its eventful aftermath. Problems of love, marriage, tragedy—even motherhood—confront her and, at the moment, Linda is in a quandary as to how her future shall be shaped.

**CHAPTER FOUR**  
Mickey was joyously surprised when Linda came home early that day. Mrs. Blauer was equally surprised, but not so joyously. She thought—and rightly—that something was wrong with Linda.

"You poor, dear child," the motherly neighbor woman said soothingly, wiping her spotlessly clean hands on her apron in a gesture characteristic of a habit of long years. "Now you lie right down and I'll get you a nice hot cup of tea."

"Why an ordeal like that," Mrs. Blauer continued, after Linda had explained, "would be enough to take the spunk out of a Spartan. Let alone a slim little thing like you. Amputations on roof-tops, hum! The ideal!"

As Linda slipped into a negligee and lay down on the studio couch in the front room which was both parlor and dining room of her small apartment, Mickey came to her side, blue eyes wide.

Funny, Linda mused, lying there on the couch and looking deep into his baby blue eyes, tenderly stroking his flaxen hair, he doesn't look like Mike outwardly, but you can see Mike Morton in him.

In a way, Linda thought, mentally censuring herself for a feeling she couldn't control, I'm glad he's not too much like Mike; I'm glad, awfully glad, that he's mostly Mickey.

Well, Mickey was Mike Morton, too, if you wanted to look at it that way. He had a lot of name—Bradley Michael Morton, II, a little fellow only 2½ years old; no, 2 years and 7 months in September.

Two and a half years! It seemed like centuries. Three and a half years ago she and Mike were happy as a couple of kids in an illusion-filled world devoid of realities—a world as gay and romantic and thoroughly enjoyable as one's mood dictated. Three and a half years ago there were just Linda and Mike; and no Mickey—and no Mike, too.

Mike Morton had been a free soul, living life for the joy of it and the drive he could get out of it; as free as the air in which he loved to fly; a rebel fighting free from the fetters of convention and respectability and responsibility with which his family sought to tie him down.

If you were drawing pictures, Mike and a marriage license didn't seem to fit in the same frame—"not the marrying type" is the expression. He wasn't—until he met Linda.

No one could blame Linda for falling in love with Mike Morton. Linda couldn't blame herself. Linda's love for him was a spontaneous and overpowering thing—the kind of love which burns brightly and fiercely and unquenchably—until the fuel ran out.

Linda might have foreseen that eventually, knowing Mike. But she didn't. When you're that much in love you don't look past the day after tomorrow.

Linda might have foreseen that the ties of domestic responsibility

would be to Mike the same sort of bugaboo that the shackles which his family sought to impose upon him represented. For one thing, Mike wasn't practical. He made money, but insisted they spend it faster than it came in. He was used to spending money; making it was a novelty.

There was very little money in Mike Morton's till when Linda broke the news to him. Of course she had resigned her stewardship job when they were married. She had a lot of time to spend alone at home, planning the right way to tell him.

They were seated together on the floor in front of the huge fireplace in the studio which cost them far more money than they could afford. It was foggy outside, so foggy that you couldn't see the second street light down the hill, much less the lights of the bridge and the view of the bay they loved so much. The fire crackled on the hearth and cast dancing lights in Mike's hair as his head lay pillowed in Linda's lap and he stretched his long legs along the thick-piled broadloom.

"No smoking, please," Linda said. Mike looked up at her, a funny quizzical look, nodded in resignation and flipped his cigarette into the flames.

"Fasten your seat belt," she added.

"Stewardess," he squirmed in mock nervousness, "are we going to crash?"

"Maybe YOU are, darling," she answered. "But I hope not. Oh, I HOPE not!"

He sat up then, suddenly serious. "What is it, Lin?"

"Mike, darling," she asked, framing his face in her hands and peering into his eyes, as though seeking to fathom the answer, "Mike, can anyone ever take Junior's place with us?"

"Nope," he grinned. "There's only one Junior for you and me. We'll always be true to him and there's never to be another. Unless..."

His voice stopped suddenly, and so did the grin.

"That's what I mean, Mike," she had told him then "Junior's nose is broken. There IS going to be another one. A REAL one. A slightly smaller Junior, but all ours..."

Mickey came to her side, blue eyes wide.

## Theater Attractions

Bob Hope and Paulette Goddard, who turned in one of last season's brightest comedy successes, "The Cat and The Canary," tops that one with their latest mystery-comedy, "The Ghost Breakers," showing tonight and Tuesday at the State theater.

Turning in good performances also are Richard Carlson, Paul Lukas, Anthony Quinn and Willie Best, colored comedian whose performances rates close to the star comedian.

The zany story sees Paulette inheriting a castle in Cuba, where she and Hope, as a radio commentator whose criminal exposes send him into hiding, encounter weird, amazing adventures. A gang of villains, bent on keeping Paulette from tak-

## Here's what's happened to Gulf Gasolines

There is a scientific test, employed by us and by many of our competitors, that is used to determine the anti-knock value of a motor fuel. According to that test, the figure above represents the old GOOD GULF—famous as one of the finest regular gasolines in America!

But look at the NEW GOOD GULF! This is a fair comparative measurement of the tremendous improvement in this great gasoline. GOOD GULF is now enormously improved without a penny's added cost to you... will give superb performance in your modern, high-compression engine.

An equally sensational improvement has been made in GULF NO-NOX. This figure shows the rating of the old NO-NOX, then one of the super-fuels of its day and KNOCKPROOF under all normal driving conditions.

Now look at the NEW NO-NOX! Tremendously better than even the old NO-NOX... and far, far ahead of any regular gasoline sold anywhere in America today! NO REGULAR GASOLINE—NOT ONE—CAN COMPARE WITH GULF NO-NOX!

Miss Papesch, John F. Orben Are Married In Church Here

Miss Helen Papesch, daughter of Mr. and Mrs. Andrew Drotloff of Franklin st., became the bride of John F. Orben, son of Mr. and Mrs. John Orben of Leetonia, in a ceremony at 4:30 p. m. Saturday in the Emmanuel Lutheran church.

The church was decorated with ferns and palms and vases of white lilies and baby's breath, lighted by white tapers in tall candelabra.

Mrs. W. J. Seeman, organist, played as the guests assembled, "O Promise Me," "Still As the Night," "Love Song" and Miss Margaret Fronius sang "At Dawning" and "Because." The organist played the "Bridal Chorus" from "Lohengrin" for the processional and during the exchange of vows, "I Love You Truly." The wedding march, from Mendelssohn's "Midsummer Night's Dream" followed the nuptial benediction.

Rev. John Bauman, pastor, officiated at the ceremony which was attended by a number of relatives and friends.

**Given By Father**

The bride, given in marriage by her father, had her sister-in-law, Mrs. Walter Papesch of Rochester, Pa., as matron of honor. Bridesmaids were Miss Elsie Orben of

**Miss Cosma is Bride of Dave Swenningsson**

Rev. S. T. Magann, pastor of the Baptist church, officiated at the marriage of Miss Eleanor Cosma, daughter of Mrs. Mary Cosma of Aetna st., and Dave Swenningsson, son of Mr. and Mrs. H. C. Swenningsson of Sharp ave., at 2 p. m. Saturday in the church.

The church was decorated with palms and roses.

Organ music by Walter Regal and vocal numbers, "Because" and "I Love You Truly," by Miss Ada Lottman preceded the wedding ceremony.

The bride, given in marriage by her brother, Emil Cosma, wore a fitted gown of white satin with long sleeves and train, trimmed with inserts of white lace. Her long veil was arranged in a beaded coronet. Her bouquet was of white roses and white lilies.

Mr. and Mrs. Nick Costa were attendants for the couple.

**Wears Long Net Gown**

Mrs. Costa wore a long net gown in two shades of blue with full skirt, trimmed with long white ruffles of the material. She wore a tiny hat to match, with short veil. Her flowers were lilies, roses and blue delphinium.

The open church ceremony was attended by relatives and friends of the couple. Members of the immediate families were guests at a wedding supper served at the bride's home in the evening. Places were arranged for 35 at the attractively appointed bride's table, centered with a wedding cake.

Following a short wedding trip the couple will make their home with the bride's mother.

Mrs. Swenningsson is employed by the Mullins Manufacturing Corp., Mr. Swenningsson, who attended Salem High school, is employed by the National Sanitary Co.

**Church Groups Arrange Joint Meeting**

Elizabeth Frye class and the Ruth circle of the First Friends church will hold a joint meeting Tuesday evening at Centennial park. A picnic supper will be served promptly at 7. In case of rain the meeting will be held in the church.

All members of the two groups are urged to be present.

**DETROIT**—Receiving hospital attaches are still seeking the key to this mystery.

A woman telephoned to report in a quivering voice that she had swallowed a key and what should she do about it. "Drive to the hospital as quickly as possible," a physician advised.

"But I can't do that," came the reply. "It was the key to my automobile."

Trailer Here Tomorrow for Driving Tests

Women drivers need no longer suffer from an inferiority complex regarding their driving.

Science has proved by means of many new and ingenious driving tests that the reaction time of men and women is virtually equal, each requiring about 50-100 of a second to apply the brakes and stop an automobile after the need for coming to a halt is apparent.

The braking test is one of the 12 driving tests that will be given on the new traveling driving test trailer which comes to Salem Tuesday for three days to participate in the safety drive of the Junior Chamber of Commerce. The trailer will be at the corner of E. State st. and S. Broadway.

**Tests Are Free**

The tests which Salem drivers will be able to take, free of charge, is expected to bring out interesting facts, according to Robert Phillips, committee chairman for the Junior Chamber. Other members of the committee are Rudy Linder, William Talbott and Ray Dean.

For instance, the tests will show that drivers under 30 react more quickly in an emergency than those who have passed that age. It takes young drivers less time to notice the need for braking and to apply the brakes and bring the car to a stop; the general average for all drivers is 50-100 of a second," Phillips said. "This may sound fast, but in that brief time a car traveling 30 miles an hour will cover 65 1/2 feet before it is stopped. A car traveling at 40 miles an hour will

cover 114 feet and one traveling 60 miles an hour, 238 feet. Moreover, these distances hold only if the automobile brakes are in first-class condition. If they are not, the car will travel many more feet in each case before it comes to a complete stop."

The brake reaction test duplicates actual driving conditions.

EXTRA SKILL AND EXTRA DARING MADE CLINTON FERGUSON AMERICA'S NO.1 OUTBOARD CHAMPION

**BOMBHELL!** That's his name for it. A splinter of mahogany, a bit of fabric, varnish...why, it's nothing but a shell with a motor. But when Clinton Ferguson clamps down the throttle of that motor, you've got the fastest combination in outboarding today. Speed? More than that. Speed *plus*—plus one man's uncanny ability to wheedle and squeeze just a few extra miles per hour out of four cylinders and a propeller. Yes, it's the *extras* that win—even in cigarettes.

**LEAN, WIRY,** 135 pounds of nerve and driving skill. Hunched in that tiny pit—one hand on the wheel, the other on the throttle—he roars across the surface in a frothing kick against time. Half in, half out of the water, Clinton Ferguson never lets up. Turns? He takes them wide open...throws himself around...with a daring equaled only by the extra skill of his steering hand. Boats, drivers—cigarettes—it's the *extras* that set them apart...like the extra mildness of Camels.

THE "EXTRAS" IN CAMELS MADE THEM HIS CIGARETTE

THOSE EXTRAS IN SLOWER-BURNING CAMELS SURE CLICK WITH ME

THE "EXTRAS" of costlier, slower-burning tobaccos have made Camels the No. 1 cigarette in the field. And the explanation of these extras in Camels is just as scientific as it is logical. Too-fast burning in a cigarette creates excess heat. Excess heat ruins the delicate elements of mildness and flavor. Slower burning preserves flavor and aroma...naturally gives a cooler smoke. Camels, with their costlier tobaccos, give you extras that you won't find in any other cigarette—even a slower way of burning that means extra smoking per pack (see panel at right).

**EXTRA MILDNESS  
EXTRA COOLNESS  
EXTRA FLAVOR**

In recent laboratory tests, CAMELS burned 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them. That means, on the average, a smoking *plus* equal to

Smokers who live in communities where certain state cigarette taxes are in effect can save the cost of the tax—and, in some instances, more—through smoking Camels. (See panel at right.) ## CLOTHES SUFFER IN HOT WEATHER

Regular Trips to Paris, However, Keep Them Clean and Fresh

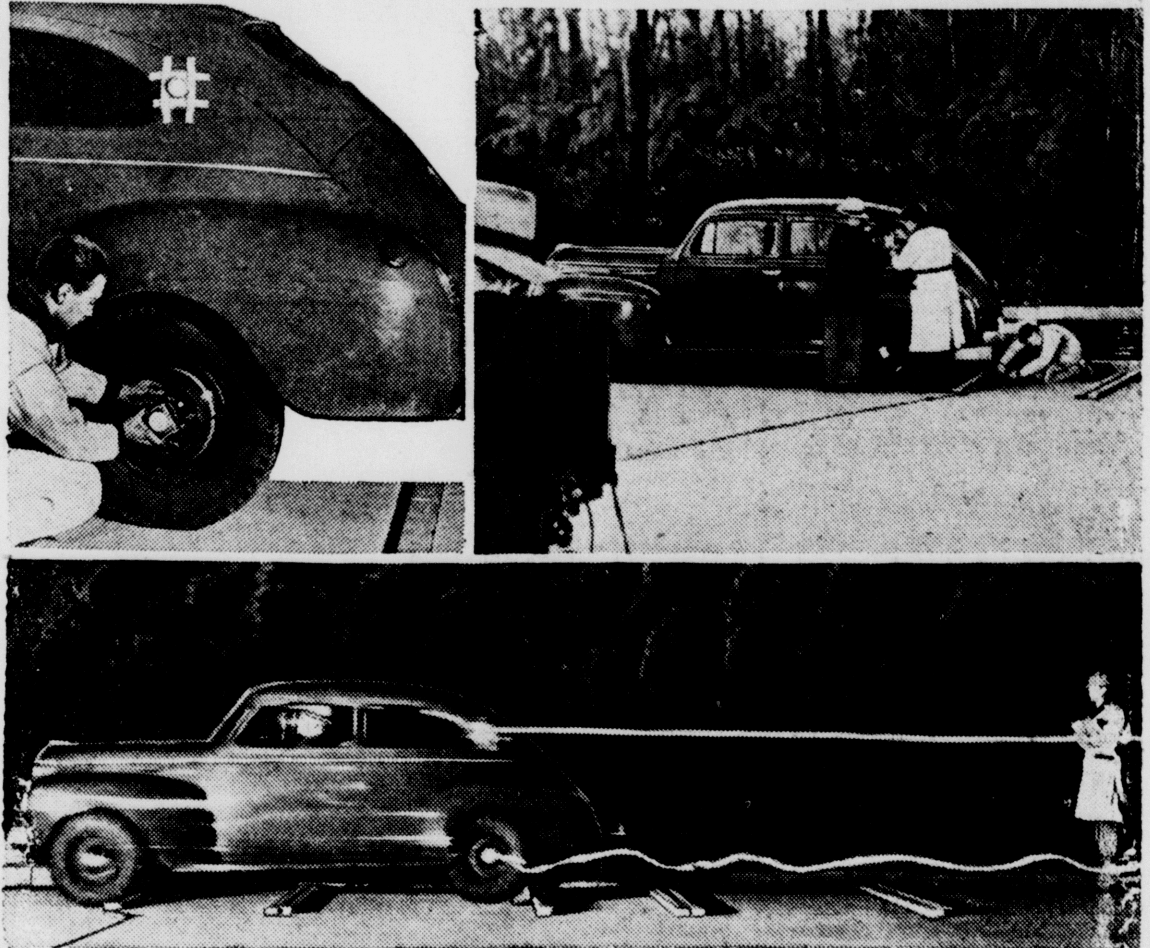

Weather of the weekend type serves to emphasize the value of a dry cleaning service to a community such as that for which the Paris Cleaners have long been noted.

Hot, stifling weather is hard on clothing — that is, if the garments are not properly taken care of. If clothing is neglected, at any time for that matter, but particularly during the hot weather days, perspiration and dirt attack them viciously and before long the clothing is ruined.

But periodic trips to the Paris Dry Cleaners serve to nullify the effect of the attacking forces, keep your clothing fresh and clean and, as can be seen clearly, add much to the life of the garment.

Try the Parisified — a gold mine of value

## Car Pictures Own Motion During Ride Test

Latest gain in passenger riding comfort, particularly in the lowest price 1940 cars, has now been recorded on a photographic plate that shows dramatically how new ride engineering eliminates sudden jerks from the body motion of the latest model cars.

How spring action and body motion traced separate paths of light across a photographic plate is shown by illustrations above, which were obtained from the Plymouth factory. Two lights were mounted on each car during the test—one at the rear wheel to show spring action, another beside a rear window to show motion of the body throughout the test.

A course with created hazards was used, rather than a rough road. The test course was formed by laying 2x4 timbers on smooth pavement, so that conditions were standardized. On an actual rough road, one car's wheels might skirt bumps or hollows that another car's wheels hit full force.

Even the possibility of favoring a certain spring frequency was guarded against, by spacing the 2x4s unevenly. All cars were driven over the test course by the same driver, at the same speed of 25 miles per hour, accompanied by only one passenger, who was the same observer in every case. Finally, each car snapped its own picture by setting off a flash bulb automatically as it passed the end of the course.

Unusually soft and flexible spring action is shown by the Plymouth picture below, in the freedom of up and down wheel movement traced by the light attached to the hub. In contrast to this, the upper line of light moves almost straight across the film, showing how passengers are protected from jolts and jars.

Important recent advancements in springs, shock absorbers and other ride controls are held chiefly responsible for the easier, gentler riding quality of the newest 1940 cars.

## FORD CONTEST TO END JULY 10

Blanks May Be Obtained Here From Grate Motor Co.

Thousands of high school age boys who are members of the Ford Good Drivers League are hard at work this week completing their tests in the \$30,000 good driving contest which the league is conducting. To be eligible, all entries must be mailed to the league offices with a postmark not later than midnight, Wednesday, July 10.

The contest, which is open to all boys enrolled in the league, will select a champion high school age driver from each state in the Union. The state champions, together with sponsors of their own choosing, will receive free trips to the New York World's fair in August to compete for the national championship.

A \$5,000 university scholarship will go to the national winner, while 47 other scholarships ranging in value from the \$2,000 second prize will go to the other contestants. The boys and their sponsors are to be guests of the league at New York and the fair for five days, beginning Aug. 26.

State champions will be chosen on a basis of the scores made on three contest requirements: answers to questions on the league's book, "How To Become A Skilled Driver," a letter of not more than 300 words on "What I Personally Can Do To Reduce Automobile Accidents," and a 25-mile driving test to be scored by a qualified observer. Material necessary for the tests was furnished each boy when he enrolled.

Officers of the league at Dearborn, Mich., have issued a last minute warning to members to get their contest entries in before the deadline July 10. The tests are not difficult, they pointed out, and can be completed before Wednesday even by boys who have not yet started on them. Local boys should get their blank from the E. L. Grate Motor Co., on S. Ellsworth Ave.

## TRIO TO SPEND 2 WEEKS HERE

Air-Conditioned Cocktail Room Is Pleasant Recreation Spot

After a cool June, hints of genuine summer weather are in the air, with Old Sol beginning to beat down as though he meant it, driving folks to the shady spots.

In weather like this, the Silver Cocktail room at the Metzger hotel is outstanding as a recreation center, a place where folks can obtain genuine diversion and entertainment.

For the next two weeks, a special attraction has been scheduled by the management — "Whitey, Harry and Billie."

"They'll entertain each evening, these three harmonious young people, two boys and a girl, who are topnotchers in their own particular field."

The Silver Cocktail room provides a cool, comfortable spot for a summer evening's entertainment. The environment is pleasant, the service is unexcelled and prices are reasonable.

The cocktail room is thoroughly air conditioned at all times.

## Spun Glass Fiber Is Used In Westinghouse Insulator

Science has done it again! Discovered a truly "lifetime" insulating material—amazing new Fiberglass. Ten per cent more efficient than any previous type of insulation, and its efficiency lasts a lifetime. Westinghouse is using Fiberglass insulation to give the new Westinghouse refrigerator improved temperature control, and to provide lowest-cost operation.

Made of spun glass fibers, Fiberglass is verminproof, non-moisture absorbent, fireproof, non-odor absorbent and extremely light in weight. Perhaps the outstanding feature of Fiberglass is that it never "packs down" no matter how much pounding or jarring the refrigerator receives. In fact it will actually improve its distribution when subjected to jarring and vibration.

Non-Moisture Absorbent

Moisture has always been the greatest enemy of effective insulation, because water is such an excellent conductor of heat. But with the new Fiberglass insulation heat cannot enter the walls of the Westinghouse Refrigerator, for Fiberglass absorbs no more moisture than an ordinary glass window pane. The steady, low temperatures so essential to safe, healthful refrigeration are made possible in the Westinghouse refrigerator by this amazing, Fiberglass, "lifetime" insulation.

Visit the Finley Music Co. tomorrow and see the New Westinghouse Refrigerator now on display.

## SAFETY IS BIG DE SOTO FACTOR

Greater Importance Attached To This Now By Engineers

One of the investments of Chrysler corporation engineers which never shows a balance sheet because the dividends are incalculable is the effort made each year to engineer safety into the company's products.

L. G. Peed, sales vice president of the company, believes the 1940 DeSoto exemplifies the importance attached to this subject by designers, engineers and management.

"Throughout our 1940 models," he says, "are design and equipment items which allow owners to safely take advantage of increased horsepower, better highways, and other time-saving improvements."

"Hidden from view, but marking an important advance in the battle to get the center of gravity closer to the ground is DeSoto's frame which is nearly an inch lower at the side rails than last year's."

Better Headlights

"Safer headlights, of the Sealed-Beam variety, notify approaching traffic of the full width of the car, give 50 to 65 percent more efficient illumination and maintain their efficiency because the reflector is sealed in and cannot gradually deteriorate as was the case with the previous types."

"Tail lights are placed high on the car for maximum visibility, and

being mounted on the body itself rather than on the deck lid, they serve as warnings even if the lid is raised.

"Increased glass area for better visibility, an easier gear shifting operation through improvements in the handy-shift steering post gear control, and literally dozens of other major and minor changes in the 1940 models, have safety functions which combine to make the 1940 DeSoto the safest car the company has ever built."

You can check these features by stopping in at the Harris Garage on W. State st. local DeSoto dealers.

# Alliance Polo Club Tops Salem Riders Second Time, 8 to 5.

## THIRD CHUKKER "SLUMP" COSTLY TO SALEM CLUB

McCoy, Stall Lead Alliance to Victory In League Game

The Alliance "jinx" still hangs over the Salem Polo club!

Give the red-shirted Salem riders any other team in the Penn-Ohio league for opposition and they're a good bet to come up with flying colors. But Alliance? Well there's a hump that the Salem club just can't seem to get over.

The Alliance club defeated Salem for the second time of the current season yesterday, hanging up an 8-to-5 victory before a large crowd at the State Armory field in Alliance.

### Let-Down Fatal

A let-down in the third chukker proved disastrous to the Salem riders, who gained an early lead only to fall behind in the third period and remain on the short end of the score throughout the rest of the game.

Scoring one goal in the first period and two in the second, the Salem poloists led 3-1 going into the third chukker when Alliance uncorked a three-goal spurt to take a 4-3 lead at halftime.

Held scoreless in the fatal third chukker, the Salem club's collapse was due largely to a lack of hitting strength at the leading offensive positions. The Salem backs were consistently driving the ball into scoring territory, but the forwards failed to take advantage of the opportunities.

Alliance continued to hold a one-goal lead in the fourth chukker, then increased its advantage to two goals, 6-4, by scoring once while blanking Salem in the fifth period. Two goals early in the sixth chukker boosted Alliance's lead to 8-4, but the Salem club sliced the margin to three goals by scoring late in the final period.

### McCoy, Stalle Star

Excellent stick work by McCoy and Stalle, whose fine hitting kept the ball in Alliance territory much of the game, played an important part in Alliance's victory. Playing the No. 3 and No. 4 positions, McCoy and Stalle made frequent sensational stops of Salem shots, following up with smashing drives into Alliance territory to check the Salem attack.

Owen Lewis, who was receiving McCoy's and Stalle's drives at No. 1, led the Alliance scoring with three goals. Ray Murphy, the No. 2 man who also benefited from the fine play of the Alliance backs, counted two goals.

Jim Pidgeon and J. B. (Pete) Votaw accounted for all of Salem's goals, Pidgeon getting three and Votaw two.

Lineup and scoring summary follows:

SALEM	ALLIANCE
Moff	No. 1, Lewis
Votaw	No. 2, Murphy
Pidgeon	No. 3, McCoy
Sheen	Back, Stalle
Spares—W. Smith for Salem; R. Fryan for Alliance	
Goals—Lewis 3, Murphy 2, Stalle 2, McCoy 1, Pidgeon 3, Votaw 2.	
Score by chukkers:	
Alliance	013 112-8
Salem	120 101-5
Referee—Jack Hendricks (Salem).	

## RAMBLERS SPLIT DOUBLE-HEADER

Salem Team Breaks Even In Pair of Games At Washingtonville

The Washingtonville Blues and Salem Ramblers divided a double-header softball program at Washingtonville yesterday, the Blues taking the first game, 11 to 7, and the Ramblers winning the second game, 6 to 3.

Seven errors proved costly to the Ramblers in the first game as the Washingtonville club took advantage of the Blues' fielding mistakes to gain the victory.

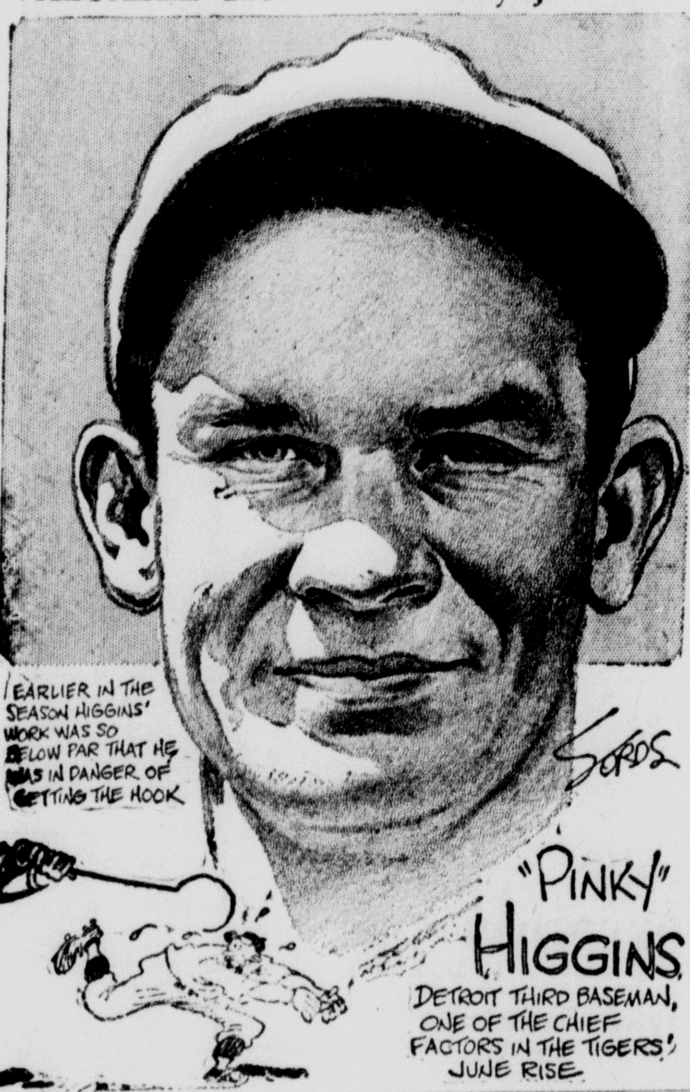

The Ramblers got by without an error in the second game, pounding out nine hits to score one run in the first inning, three in the third and two in the sixth.

## Breezy Briefs Of Sport From Brietz To You

By EDDIE BRIETZ

NEW YORK, July 8—Tattle tales: An Auburn-Texas A. and M. grid series is as good as made—with San Antonio entertaining in 1942 and Birmingham in 1943. Bob Quinn wouldn't let 'em air yesterday's Dodge-Bee double bill. Said Station WOR is so powerful it would keep Beantown fans away from the park. So—500 Brooklyn rooters went to Boston on a special train.

### Today's Guest Star

Jim Schlemmer, Akron Beacon-Journal: "So Jim Farley is to retire from political life to become president of the Yankee baseball dynasty! This is the same Mr. Farley who was to resign as post-master-general to become: 1—high commissioner of boxing; 2—high commissioner of baseball; 3—manager of Churchill Downs; 4—president of the National pro football league; 5—president of the United States."

### Master Minding

In Friday's 20-inning thriller, Leo Docher ordered three batters passed. Result: Three double killings. Gene Sarazen, who lost the open playoff last month and Craig Wood, who duffed a year ago, cried into each other's beer at lunch the other day. Antonio Fernandez, South American welter and middleweight champ, makes his U. S. debut Thursday night at Paterson, N. J. against Al Franklin, with Jimmy Braddock promoting.

### Dodger Ditty

Extra innings in July. Mean extra winniness by and by.

### Short, Short Stories

Des Moines wants. See Savold and Arturo Godoy for the Drake stadium later this summer. Cy Pfeiffer, who used to be the Reds' bat boy, is doing a fine job of first basing for their Durham (N. C.) farm. Jimmy Dykes was the only American league manager who had a kind word for Detroit's surprising Tigers last spring.

### Take Your

Some say Jack Dempsey is making a come back. Others say it's a come down. All agree it's a fine come off.

### Tee-Hee Dept.

Headline in the Herald-Tribune: "Phillies teach baseball at World's fair."

### SALEM EAGLES NOSED OUT, 3-2

### Strong Cleveland Team Wins In Extra-Inning Contest

The Salem Eagles softball team dropped a heart-breaking 3-to-2 decision to the strong Mt. Pleasant Eagles of Cleveland in an extra-inning game at Cleveland yesterday.

The Mt. Pleasant team, recognized as one of the strongest in the Cleveland area, pushed over the winning run in the 11th inning after tying the score at 2-2 on Tengler's homer in the ninth.

Playing practically air-tight ball behind the seven-hit pitching of Dale Ritchie, the Salem Eagles scored two runs in the first inning to hold the lead until the ninth when Mt. Pleasant tied the score.

## LEAGUES RENEW FEUD IN FIFTH ALL-STAR GAME

Sportsman's Park Scene Of Baseball Classic This Season

Facts on tomorrow's all-star baseball game at Sportsman's park in St. Louis:

Caplan defeated Smith, 3 and 2, in an 18-hole semi-final match, while Judge won over Kelley, 3 and 1.

The two finalists will meet next Sunday in a 36-hole match for the tournament championship. They will tee off at 9:30 a. m. on the first 18 holes and at 2:30 p. m. on the second 18.

Caplan and Judge each won four matches to reach the finals of the tournament, won last year by Dr. R. T. Holzbach. Caplan defeated R. S. Hostetter by default in the first round; W. L. Strain, 1 up, in the second round; James Britt, 3 and 2, in the quarter-finals and Smith in the semi-finals.

Judge's march to the finals was made possible by victories over Andy Ulrich, 2 and 1, in the first round; Dr. Richard Harwood, 3 and 2, in the second round; Walter Hiltbrand, 4 and 3, in the quarter-finals and Kelley in the semi-finals.

R. S. Hostetter won an 18-hole match play against park tournament at the Salem club yesterday, finishing 1 up. W. L. Kelley and Vincent Judge, who came in 3 down, tied for second place while Martin Polder, Jr., finished 4 down to cop fourth place.

Scores of the four golfers who won prizes in the tournament were: Hostetter, 80-11-69; Kelley, 79-7-72; Judge, 85-10-75; Polder, 85-10-75.

The Lakers unlimbered their heavy artillery as they fired a 17-hit attack at the Akron team which had previously defeated them.

Placencia scored in every inning but the fourth and sixth, while holding Akron to one run in the second, two in the third, one in the fourth and two in the eighth.

Close, T. Schwartzhoff and Russell paced the Placencia hitting, getting three safe blows apiece. One of Schwartzhoff's clouts was good for the circuit.

"Lefty" Hannon went the full route on the mound for the Lakers, pitching 10 hits.

BRISBANE - While mustering on Mundi sheep station, Queensland, R. Burgess found 10 sheep which had strayed into the wilds after being marked as lambs in September, 1934, and not been seen since. Their fleeces were so long that their hooves were hidden, and because of the accumulation of dust of years the sheep looked like walking mounds of charcoal.

## Temptation

**SPOKANE**—The tempting shine  
of a hotel banister overcame Mrs.  
Stella Kronnick's dignity. She slid.  
Treated for a sprained back, Mrs.  
Kronnick, 21, told hospital attend-  
ants she had forgot the technique of  
dismounting at the foot of the stairs.

## French Island Reported Blockaded by British

In this harbor on the French island of Martinique, French sources state the French airplane carrier *Bearna* was blockaded by British cruisers. British action was reported taken to prevent a shipment of American-made warplanes from falling into the hands of the Nazis. Martinique is but 1,160 miles from the Panama Canal.

## Columbus Child, 11, Sand Slide Victim

**COLUMBUS, July 8**—Tons of  
sand poured little-by-little into a  
quarry pit yesterday, burying Jack  
Otter, 11-year-old son of a city  
fireman, who slid down an enor-  
mous sandpile and was unable to  
escape.

Two youths, who heard the boy's  
cries for help, tried to aid but near-  
ly lost their own footing in the  
sand loosened by the child's slide.  
They said young Otter, in play, slid  
down the pile and climbed safely  
from the pit twice before the fatal  
slide.

Police and firemen, including the  
victim's father, worked four hours  
with the aid of a heavy dredge to  
recover the body.

## Jail Sect Group

**YOUNGSTOWN, July 8**—Police  
at nearby Struthers jailed 10 men  
and eight women members of a re-  
ligious sect yesterday on charges  
of violating an anti-handbill ordi-  
nance through house-to-house dis-  
tribution of tracts.

## DEATHS

### MRS. CLARA HOLLENSHEAD

Mrs. Clara B. Hollenshead, 77,  
died at 9:15 a. m. Sunday at the  
home of her son, Harvey M. Hol-  
lenshead, 514 North Clair st., Pitts-  
burgh, following a week's illness.  
She had suffered a stroke of paral-  
ysis.

Mrs. Hollenshead, who had  
made her home in Pittsburgh for  
the last three months, was born in  
Franklin county, Nov. 30, 1862, the  
daughter of Mr. and Mrs. Richard  
McFadden. She was married to Jo-  
seph Hollenshead at McConnell's-  
burg, Pa., Oct. 17, 1880. Her hus-  
band died in 1924. She was a mem-  
ber of the Columbiana M. E. church.  
She is survived by four sons, Har-  
vey M. of Pittsburgh, Emmett J.,  
Edward C. of Columbiana and  
Coyle R. of Leetonia; eight grand-  
children and seven great grand-  
children; five brothers, Lawson  
and Frank of Columbiana, Harry  
of Hagerstown, Md., Calvin of  
Pittsburgh, Harvey of Absarokee,  
Mont.

Funeral service will be held at 2  
p. m. Tuesday at the Fry funeral  
home, Columbiana, in charge of  
Rev. James C. Wilson. Burial will  
be in the Columbiana mausoleum.  
Friends may call at the funeral  
home from 7 to 9 this evening.

### WILLIAM C. WOODWARD

William C. Woodward, 80, died at  
1:30 p. m. Saturday at the home of  
his daughter, Mrs. Charles Brown,  
at Minerva, where he went to make  
his home two years ago.  
Mr. Woodward, born near Sum-  
mitville, spent most of his life here.  
He was a member of the Presbyter-  
ian church.

He is survived by the daughter,  
at whose home he died; two grand-  
children, two sisters and two  
brothers.  
Funeral service was held at 2  
this afternoon at the Dilon-Mc-  
Creery funeral home at Minerva.  
Rev. H. J. Scheidmante conducted  
the rites. Burial was in Hope  
cemetery here.

### RUSSELL J. SNYDER

Word has been received here of  
the sudden death at 10 p. m. Sun-  
day of Russell J. Snyder, 28, native  
of New Cumberland, W. Va.

Born at New Garden, the son of  
Charles and Sarah Snyder, he  
spent his early life in the vicinity.  
Surviving are his wife, Harriet,  
and two daughters, Evelyn and  
Wilma; two sisters, Mrs. Marie  
Jackson and Mrs. Mildred Hess of  
Warren; three brothers, Clair and  
Marion of Warren and Earl of  
Hanoverton.

Funeral service will be held at  
Woodside cemetery at 4:15 p. m.  
Wednesday.

### MRS. HANNAH LAVELY

Mrs. Hannah Lavelly, 73, widow of  
Rev. John A. Lavelly, died Saturday  
evening at her home in Akron.

Mrs. Lavelly and her husband  
made their home in Salem at var-  
ious times with her two daughters,  
Mrs. W. L. Hart and Mrs. Gerald  
Koch. She is survived by three  
children, four sons and a number  
of grandchildren. She had  
made her home with Mrs. Hart for  
more than a year until about a  
year ago when she went to Akron.  
Several years ago resided with Mrs.  
Koch.

Funeral service will be held  
Tuesday in Akron, with interment  
in the Meadville, Pa. cemetery.

## Salem Woman Ends Teaching Career At Rayen School

Miss Edna Richards, teacher of  
English and German at Rayen  
school, Youngstown, since 1922, has  
resigned.

Miss Richards will retire to her  
home on Jennings ave., where she  
lives with her sister, Miss Frances  
Richards, and her brother, Samuel  
Richards. She plans to read all the  
things she has never had time to  
read in many years of teaching, to  
garden, and to travel, "when the  
world settles down".

In Youngstown Miss Richards has  
been identified with the education  
associations.

After being graduated from Salem  
High school, Miss Richards studied  
at Swarthmore college, the Univer-  
sity of Berlin, Columbia university,  
and the University of Wisconsin.  
She was dean of women at Swath-  
more college, leaving that position  
because she wanted to work with  
secondary school pupils.

She taught in Alliance, Canton  
and Salem before going to Young-  
stown. Miss Richards was born in  
Salem, a daughter of Stephen and  
Gertrude Whinnery Richards. Her  
father was secretary and treasurer  
of the former Buckeye Engine Co.

## Wrong Party

**GRAND ISLAND, NEB.**—Floyd  
King had fun tossing lighted fire-  
crackers out the window of his car  
and discomfiting the driver behind  
him.

But the other driver, forcing  
King's car to the curb, turned out  
to be Sheriff Dan Saunders, who  
discovered King's driver's license  
hadn't been renewed.

King got fined.

## Musical Cache

**LOS ANGELES**—O. W. Haines, a  
piano tuner observing his 61st  
birthday, estimated he had sweet-  
ened more than 6,000,000 sour notes.  
He added:  
"I have found in pianos every-  
thing from love letters to false  
teeth, from salt shakers to \$500 in  
\$20 gold pieces."

### Arrest Truck Driver

William B. Connock of Martins-  
ville, Va., arrested by the state pa-  
trol on a charge of driving an over-  
length truck, was fined \$50 and  
costs in the mayor's court today.

### Will Face Rauch

**LISBON, July 8**—Maurice Faleon  
of near Highlandtown, arrested  
Saturday evening by Marshal D. E.  
Pike on a charge of reckless driv-  
ing, will be given a hearing Thurs-  
day evening before Mayor G. C.  
Rauch.

Faleon was arrested after his car  
was alleged to have collided with a  
car driven by D. E. Metz of Cleve-  
land.

## F. D. R. REVEALS 3RD TERM PLAN

of his thoughts and what he has in  
mind."

### Up To Roosevelt

But any announcement on the  
third term, or any discussion of the  
time or place for the announce-  
ment, must come from the Presi-  
dent, he asserted.

He parried questions designed to  
draw him out on the possibility that  
he might give up his job as Demo-  
cratic chairman and postmaster  
general and require an interest in  
the New York Yankee baseball  
team.

"I'll discuss any future plans I  
may have with regard to party ac-  
tivities at the Chicago convention,"  
he said.

Farley wants a brief platform.  
"The shorter the better," he said.  
"The people will read a short one  
and not a long one."

Moreover, he added with a grin,  
Republican papers might print a  
short one.

The President's most immediate  
concern today was with progress of  
plans to double the defense pro-  
gram. He had ordered his appoint-  
ments held to a minimum, until he  
could finish drafting recommenda-  
tions for a supplementary pro-  
gram which defense experts say  
will be in the neighborhood of \$5-  
6,000,000,000.
